MANUAL DESCRIPTION

CONTENTS

The first page of this manual contains a table of contents which lists the title and number of each group.

TEXT

The vehicles to which the information in the text pertains are generally designated according to their body classification. In some cases, other limiting designations such as name, type of drive system, etc., are given. If there are no such limiting designations, the information can be assumed to cover all models.

PAGE NUMBERS

All pages are numbered consecutively within each group. The page numbers can be found on the upper left or right of each page.

SECTION TITLES

The section titles can be found at the upper centre of each page.

INDICATION OF DESTINATION

General Export and GCC are used for convenience to indicate destination.

NOTE

"GCC" indicates countries that are members of the Gulf Cooperation Council of nations.

| Group title | Section title | Group No. | Page No. |
|--|---------------|-----------|------------|
| BODY CONSTRUCTION – Maintenance, Serviceability | | | 1-7 |

Side Structure

Panel positioning notches have been provided at the door opening section to improve operation performance when replacing panels.

Side Outer Panel

Spare parts are provided in the following cut form with the adoption of the pillar integral type side outer panel.
